

... How I feel affects other people!!!

YOUR NAME CAME TO MIND

Today I took a moment to enjoy my life.

Didn't map it out too tough
Made no guidelines to success.

Put no time limit on it
No expectations...

. . . I just enjoyed it (I must confess)

Soaked in some sun,
heard smiles, felt my name.
My moment was a journey, an exchange
For as my spirit lifted
to enjoy this higher plane,
I found myself, a child again..
I just enjoyed it (I must exclaim)

Didn't stop to worry about paying a bill..
No responsibility... no aches & pains...
really no time to kill.

Today I took a moment to enjoy my life
I looked around,
counted each blessing I could find.
Then I looked for blessings I couldn't see.
