

*... How I feel affects other people!!!*

Sincerely **H**elp, **I**nspire & **N**urture **E**xcellence  
OK, it's just an acronym, but does it make sense?

You see, what we see  
And what we say  
Carry over into others' lives  
And impacts their day

So we must measure our words  
Recognize the spirits they touch  
Know our words have a lingering effect  
They can be too few... or even too much...

(Understand W.O.R.D.S.)  
**W**hat **O**thers **R**emember & **D**igest **S**trengthen **S**pirits  
So often our actions are based on what we hear  
If you prophesize failure and hopelessness

For words go into the spirit  
Then we share them with the next in line  
If you speak of joy and the blessing of the next step  
You'll find that your walk is fine

When you speak, speak of excellence  
For perfection cannot be reached  
Make it your goal to preach what you practice  
Beyond practicing what you preach

So as you find ways to help people  
Start out by helping yourself  
Exercise your mind... your body...  
And please exercise your spiritual health

For each of us must keep growing  
Keep finding new ways to enjoy your stay  
God has brought us beyond a new year  
S.H.I.N.E. and celebrate a Happy New Day
