

... How I feel affects other people!!!

Each poem was created through the words of audience members. This session was with Catholic School Educators and began with a theme of WORDS. Each word was treated as an acronym, and members were asked to suggest complete positive words to satisfy each letter of the acronym. The words with capitalized first letters are those of the audience.

The Wings Of W.O.R.D.S.

Soaring among, rather than above, the hearts We touch
Our message casts a Spirit of Wisdom and Opportunity...
Resonating with Dignity, Self-worth,
Sincerity, Determination, Reverence, Originality and Wonder.

Oh, how our flight Relaxes and Delights ...
Romances and Delivers ... Rejuvenates and Dives ...
Synchronously Decorating and Reshaping thoughts
that enhance, encourage and allow creativity's holiness
to Shine forth and guide the majesty of today's Waking.

Our Reward: Deliciously Delicate Smiles....

We Openly Scramble to Share Wit and Wisdom,
even Weird and Silly moments that Remind us to believe.
And as we flash back to our ascension,
we Relive the patience and understanding of Mrs. Land, Mr. Rush,
parents, friends, coaches, peers and Ourselves.

Our Walk is Drenched with
Sincerity, Devotion, Realism, Organization and Wealth...
for as we take pride in elevating
Wanda, Orlando, Robert, Danielle and Sally,
we Welcome and enjoy our power, knowing that
What Others Remember and Digest Slowly
Strengthens Students.
